PROFESSIONAL SUMMARY

Computer Science undergraduate specializing in Backend Engineering, Spring Boot, and Distributed Systems. Skilled in building scalable Microservices-based applications using Java and Spring Boot with secure JWT Authentication, REST APIs, and Role-Based Access Control. Passionate about backend architecture, API security, clean software design, and continuous learning.

TECHNICAL SKILLS

- Java – Intermediate to Advanced Knowledge
- Spring Boot – Intermediate Knowledge
- Spring Security – Intermediate Knowledge
- Spring Cloud – Basic Knowledge
- MySQL – Intermediate Knowledge
- HTML5 – Intermediate Knowledge
- CSS3 – Intermediate Knowledge
- JavaScript – Intermediate Knowledge
- REST APIs – Intermediate Knowledge
- Git & GitHub – Intermediate Knowledge
- Postman – Intermediate Knowledge
- JWT Authentication & RBAC – Intermediate Knowledge

FEATURED PROJECT

Library Management Portal – Microservices Architecture

Live Project Dashboard

- Designed a scalable role-based Library Management System using Microservices Architecture.
- Implemented JWT Authentication and Authorization for secure access control.
- Built separate Admin, Staff, and Student modules using RBAC principles.
- Integrated MySQL database with Spring Boot backend services.
- Developed REST APIs and tested endpoints using Postman.

EDUCATION

Vels Institute of Science, Technology & Advanced Studies (VISTAS), Chennai

B.Sc. Computer Science (2024–2027) | CGPA: 8.4/10

Sitadevi Garodia Hindu Vidyalaya Matric Hr. Sec. School, Chennai

Higher Secondary Education (2024) | 85.33%

Sitadevi Garodia Hindu Vidyalaya Matric Hr. Sec. School, Chennai

Secondary Education (2022) | 78.2%

LANGUAGES

- Tamil – Native Proficiency
- English – Professional Working Proficiency
